# Creating a Salesforce Sandbox

Salesforce Sandbox Creation Guide

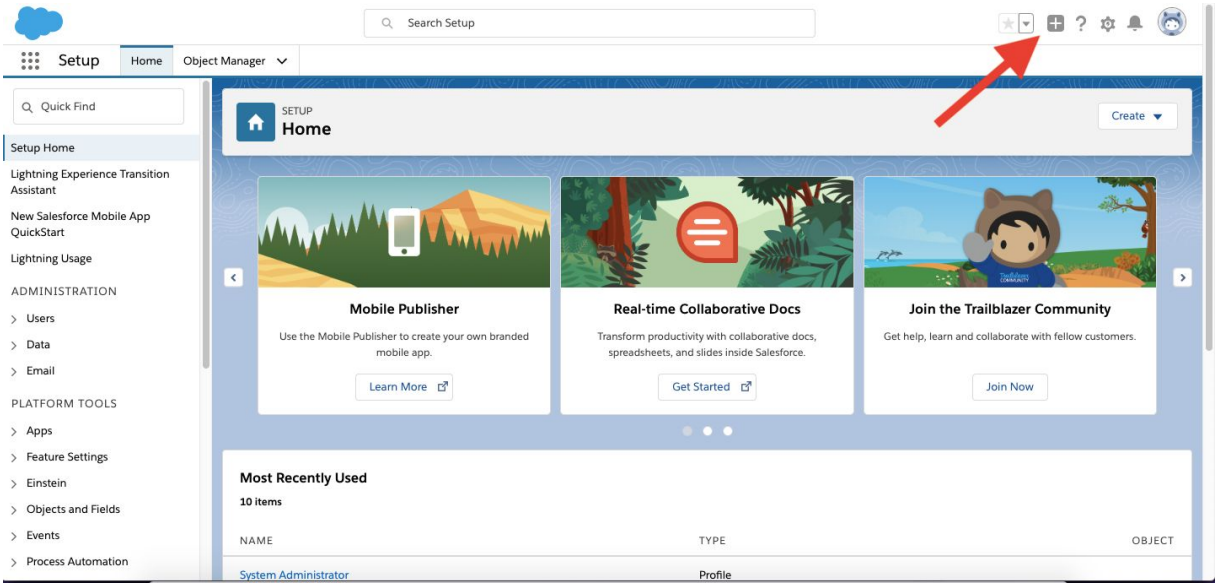
Below are the steps to create a Salesforce Sandbox:

1. Go to the link [https://developer.salesforce.com/signup](https://developer.salesforce.com/signup)
2. Fill in your personal information

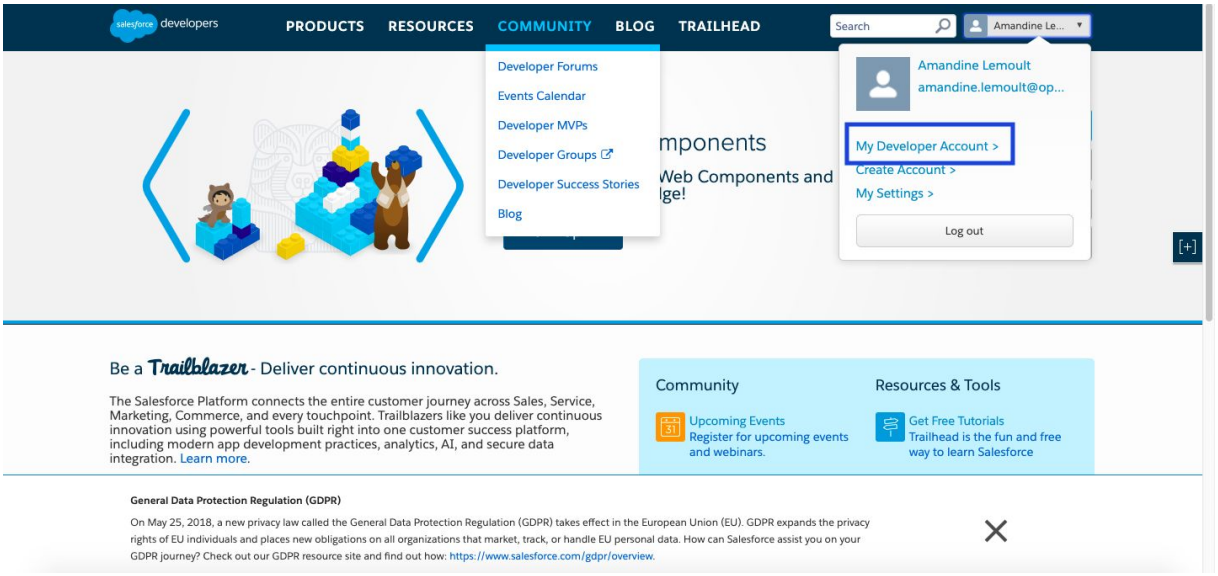
3. Accept the Terms of Use and click on "Sign me up"

4. Go to your mailbox and click on the activation link sent
5. Click on "Verify the Account"
6. Reset your password.

- When you verify your account and set your password, you will be redirected to your Salesforce org, and therefore to your Sandbox
- Click on the "plus" button to start working



- If you do not get to this page but to the one below, click on your name and select "my developper account"



Be a **Trailblazer** - Deliver continuous innovation.

The Salesforce Platform connects the entire customer journey across Sales, Service, Marketing, Commerce, and every touchpoint. Trailblazers like you deliver continuous innovation using powerful tools built right into one customer success platform, including modern app development practices, analytics, AI, and secure data integration. Learn more.

**General Data Protection Regulation (GDPR)**

On May 25, 2018, a new privacy law called the General Data Protection Regulation (GDPR) takes effect in the European Union (EU). GDPR expands the privacy rights of EU individuals and places new obligations on all organizations that market, track, or handle EU personal data. How can Salesforce assist you on your GDPR journey? Check out our GDPR resource site and find out how: https://www.salesforce.com/gdpr/overview.
